Quindi le quantità per confezione possono essere diverse dallo standard stabilito.

Ci riserviamo il diritto di annullare la proposta d'ordine prima della consegna della merce, senza obbligo di alcuna indennità.

GENERAL TERMS OF SALE

ORDERS: all orders that are received are subject to acceptance by the house. Orders are only accepted when the house has sent the customer the relative order confirmation. Orders must indicate complete catalogue codes. We shall not be responsible for order delivery errors that are caused by insufficient information. The minimum quantities for each article are understood to be for a package or for multiples of packages.

Quantities that are not multiples will be automatically increased to reach a multiple. Our production system foresees exceeding quantities, which are going to be delivered to the customer with a tolerance of about 10%. So the quantities contained in each packaging can be different from the established standard.

We reserve the right to cancel order proposal prior to delivery of the merchandise without assuming any obligation to pay indemnities. Orders shall be delivered within the limits set by available stock.

PRICES: all the prices in our price list are net of VAT. The prices for our articles do not include screws. If screws are desired then their dimension and quantities must be specified on the order form. We reserve the right to change prices list at any time and without giving advance notice.

DERIVERY TERMS: delivery terms, even if confirmed, are only an estimated forecast and have an exclusively indicative value. Delays in delivery shall not entitle the purchaser to claim any form of reimbursement for damages or interest.

SHIPMENT: orders sent to us must also specify in which of the following two ways the customer wants shipment to be performed:

carriage forward

carriage prepaid (billed in the invoice).

Goods travel at the risk of the purchaser no matter how they are shipped.

All our responsibilities cease the moment we deliver the goods to the carrier.

FINISHES: the finishes illustrated are only indicative.

DIMENSIONS: dimensions are indicative. Our firm reserves the right to bring changes and improvements at any time and without giving advance notice.

CATALOGUES: all illustrative materials remain our property, cannot be transferred to third parties and must be returned to us upon our request.

FIXING MATERIAL: these are furnished only if requested by the customer and are not included in the price.

PAYMENTS: payments can be made, depending on agreements at the time the order was placed: either by bank receipt or by direct remittance against invoice. These payments cannot be delayed for any reason.

All customer claims or right must be exercised in separate legal judgements.

Late payments shall be subject to penalty interest at bank rates increased by 5%. We also reserve the right to suspend deliveries of merchandise.

Payments made to executives without our written authorization are not redeeming and do not extinguish the debt contracted with our company.

CLAIMS AND RETURNS: any claims must be sent to our head office by registered letter or by fax within and no later than 8 days from date of receipt of the merchandise. Claims made after that term or by methods different from those listed above shall not be taken into consideration. Returns are not accepted unless we have explicitly authorized them. Merchandise must in any case be sent back to us free in port and in perfect condition. Otherwise the return shall be charged at a devaluation suited for the situation and performed according to our own unappealable judgement. Returns of special articles, not included in our catalogue and specifically ordered by the purchaser, shall not be accepted.

COURT OF JURISDICTION: the Seller's Court shall have jurisdiction over all disputes.

These conditions are understood to be accepted when orders for merchandise are placed.
